Modernization Grants

Arizona is once again a national leader by pursuing cutting-edge approaches to improve transportation systems to drive down costs, enhance safety and efficiency, and provide K-12 students with access to more public school options. Through this all-call for solutions, public schools have an incredible opportunity to partner with local government and community leaders to boldly identify options to transport students not solely reliant on yellow school buses.

PROPOSAL REQUIREMENTS

- Improve access to reliable and safe transportation for students who attend school through open enrollment or who attend charter schools; or
- Support K-12 transportation innovations and efficiency solutions.
- At least 25% of grant monies must be awarded to proposals serving students and families in a rural or remote area.
